

Independent Speech and Language Therapy in Shropshire

Who am I?

I am Sue Gowers, a highly experienced Speech and Language Therapist offering assessment and therapy to a wide range of children of nursery, primary and secondary school age.

Who do I see?

On average 3 children in every classroom will have difficulties with communication. In some parts of the UK the number is higher. Learning, literacy and the ability to make friends can all be affected.

Listening, speaking, understanding and socialising are crucial to us all. Some children need help to develop these skills. I specialise in designing tailor-made therapy, working in close partnership with those adults who are closest to the child.

How can I help?

- Developing first words and early sentences
- Understanding questions and instructions
- Using speech sounds
- Fluency (stuttering/stammering)
- Grammar
- Social skills
- Remembering words

What next?

If you are unsure whether your child needs Speech & Language therapy, or if you would like to discuss your child's development, I would be happy to discuss your concerns. Please feel free to call me for a no-obligation chat.
